AGENDA NO. 1

PROPOSAL: Issue RFQ for Technical Assistance to Support South Coast AQMD’s Technology Advancement Activities and Implementation Efforts

SYNOPSIS: South Coast AQMD administers and manages both the implementation of incentive programs as well as the pre-commercial research, development, demonstration and deployment of low and zero emission technologies. This action is to issue an RFQ to solicit proposals from qualified consultants and consulting firms capable of providing technical expertise and experience to assist staff with the evaluation and implementation of these programs. It is anticipated that multiple awards will be made from this solicitation.

COMMITTEE: Technology Committee, March 19, 2021; Recommended for Approval

RECOMMENDED ACTIONS:
1. Issue RFQ #Q2021-06 for Technical Assistance to Support South Coast AQMD’s Technology Advancement Activities and Implementation Efforts; and
2. Authorize the Executive Officer to execute contract(s) with selected consultants and/or consulting firms to provide technical assistance with implementation of the 2021 Carl Moyer Program in an amount not to exceed $400,000 using up to $200,000 each in administrative funds from the Carl Moyer Program Fund (32) and the Community Air Protection Program Fund (77).

Wayne Nastri
Executive Officer
Background
Mobile sources emit the majority of air pollution in the South Coast Air Basin (Basin). In particular, heavy-duty diesel engines and/or vehicles emit high levels of nitrogen oxides (NOx), a precursor to photochemical smog, as well as diesel particulate exhaust, which is a toxic air contaminant.

The South Coast AQMD administers and manages both the implementation of incentive programs as well as the pre-commercial research, development, demonstration and deployment (RDD&D) of low and zero emission technologies. The Technology Advancement Office’s (TAO) Clean Fuels Program incorporates a mix of short-, medium-, and long-term goals, representing a continuum of technology improvements to achieve clean air in the Basin. The Clean Fuels Program receives more than $12 million annually in revenue and on average has 100 active contracts in progress every year. In addition, TAO oversees multiple voluntary incentive-based programs including but not limited to the Carl Moyer Program, the Proposition 1B-Goods Movement Emission Reduction Program, the On-Road Heavy-Duty Vehicle Voucher Incentive Program, the Lower Emission School Bus Program and the AB 617 CAPP. Comprehensively, these various incentive programs have 1,500 active contracts at any one time with available funding of over $200 million.

South Coast AQMD periodically releases solicitations to obtain consultants to augment in-house expertise and assist staff with technical reviews, coordination of projects, comparative analyses and implementation of incentive programs. Due to the rapid pace at which technologies are evolving, additional assistance is required for advanced, pre-commercial technology demonstration programs. Expert consultants and administrative resources are also required to assist staff in administering and executing the various incentive programs to meet program expenditure and liquidation deadlines.

Proposal
This action is to issue an RFQ to solicit qualifications from individuals and organizations capable of providing technical assistance in a variety of areas to support the multiple incentive programs as well as the RDD&D program. The areas of expertise for technical assistance will include the following:

Incentive Programs
- Technical evaluation of mobile source projects
- CARB mobile source rules and regulations
- CARB incentive program and guideline requirements
- Surplus emission reductions and cost effectiveness calculations
- Emissions inventory for on-road and off-road equipment
- Outreach and other support activities
RDD&D Program

- Mobile applications – Low and zero emissions technologies
- Fuels - Processing, reformulation, and emissions analyses
- Stationary applications - Advanced combustion and renewables
- Emissions and analyses - In-use measurements and health analyses
- Outreach - Latest technological advancements
- Financial analyst services - financial studies and cost analyses

South Coast AQMD will choose the most qualified consultants and consulting firms that demonstrate extensive experience and meet the RFQ requirements. Proposals will be due May 18, 2021, at 3:00 p.m. Board approval for RDD&D program awards are anticipated in August.

To expedite technical assistance for implementation of the 2021 Carl Moyer Program, staff is requesting that the Board authorize the Executive Officer to enter into contract(s) with selected consultants or consulting firms following the evaluation of proposals submitted in response to RFQ #Q2021-06 based on the recommendations of the review panel.

Bid Evaluation
Consultants will be selected based on the criteria in the RFQ, and successful bidders will be retained through level-of-effort contracts based on their area(s) of expertise and the needs of TAO. It is anticipated that multiple awards will be made from this RFQ. For implementation of the 2021 Carl Moyer Program, the panel will make a recommendation to the Executive Officer for final selection of consultants and/or consulting firms. Qualifications packages will be evaluated by a panel of three to five South Coast AQMD staff members familiar with the work activities and resource needs of TAO. The proposals will be evaluated and scored by the panel in accordance with established SCAQMD guidelines. The panel will consist of at least one Deputy Executive Officer or Assistant Deputy Executive Officer, and one Technology Demonstration Manager or one Technology Implementation Manager.

Outreach
In accordance with South Coast AQMD’s Procurement Policy and Procedure, a public notice advertising the RFQ and inviting bids will be published in the Los Angeles Times, the Orange County Register, the San Bernardino Sun, and Riverside County’s Press Enterprise newspapers to leverage the most cost-effective method of outreach to the South Coast Basin.
Additionally, potential bidders may be notified utilizing South Coast AQMD’s own electronic listing of certified minority vendors. Notice of the RFQ will be emailed to the Black and Latino Legislative Caucuses and various minority chambers of commerce and business associations and placed on the Internet at South Coast AQMD’s website (http://www.aqmd.gov) where it can be viewed by making the selection “Grants & Bids.”

**Benefits to AQMD**
Outside expertise will provide the support needed to implement TAO’s RDD&D and incentive programs. The added support will provide an effective means of evaluating new technologies, assessing emission reductions and reviewing a higher number of applications to successfully carry out TAO activities.

**Resource Impacts**
Multiple awards are anticipated from this RFQ. Due to the indefinite nature of the work, the actual contract amounts cannot be determined at this time for the contracts involving RDD&D, and the total amount of funding to be recommended for the Board’s consideration for each contract will be dependent upon the consultant’s qualifications and TAO needs. The Clean Fuels Fund (31) will be used for awards made under this RFQ for RDD&D. Contract(s) for technical assistance for the incentive programs will not exceed $400,000 of which $200,000 will be from the Carl Moyer Program Fund (32) and $200,000 from the Community Air Protection Program Fund (77).

**SECTION I:  BACKGROUNDB/SINFORATION**

The South Coast AQMD is a regional governmental agency responsible for meeting air quality health standards in Orange County and the urban portions of Los Angeles, Riverside, and San Bernardino counties.

Mobile sources emit the majority of air pollution in the South Coast Air Basin (Basin). In particular, heavy-duty diesel engines and/or vehicles emit high levels of nitrogen oxides (NOx),
a precursor to photochemical smog, as well as diesel particulate exhaust, which has been categorized by the California Air Resources Board (CARB) as a toxic air contaminant.

The Air Quality Management Plan (AQMP) for the Basin identifies the application of clean-burning alternative fuels (e.g., natural gas, ethanol, and hydrogen), advanced engine and/or vehicle technologies (e.g., fuel cells, hybrid electric and plug-in hybrid electric vehicles, battery electric) and advanced stationary source pollution control technologies to meet the national ambient air quality standards. It also specifies incentives as a key strategy to reduce emissions from mobile sources. These air quality gains, however, may only be realized if programs are in place to develop, commercialize and implement these technologies. As a result, the South Coast AQMD seeks to implement aggressive programs to develop and demonstrate pre-commercial technologies as well as incentivize commercially available technologies.

South Coast AQMD reserves the right to request documentation demonstrating compliance
with the following good faith efforts prior to contract execution.

1. Ensure Disadvantaged Business Enterprises (DBEs) are made aware of
contracting opportunities to the fullest extent practicable through outreach and
recruitment activities. For Indian Tribal, State and Local Government recipients,
this will include placing DBEs on solicitation lists and soliciting them whenever
they are potential sources.

2. Make information on forthcoming opportunities available to DBEs and arrange
time frames for contracts and establish delivery schedules, where the
requirements permit, in a way that encourages and facilitates participation by
DBEs in the competitive process. This includes, whenever possible, posting
solicitations for bids or proposals for a minimum of 30 calendar days before the
bid or proposal closing date.

3. Consider in the contracting process whether firms competing for large contracts
could subcontract with DBEs. For Indian Tribal, State and Local Government
recipients, this will include dividing total requirements when economically feasible
into smaller tasks or quantities to permit maximum participation by DBEs in the
competitive process.

4. Encourage contracting with a consortium of DBEs when a contract is too large
for one of these firms to handle individually.
5. Using the services and assistance of the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

6. If the prime contractor awards subcontracts, require the prime contractor to take the above steps.

H. To the extent that any conflict exists between this policy and any requirements imposed by federal and state law relating to participation in a contract by a certified MBE/WBE/DVBE as a condition of receipt of federal or state funds, the federal or state requirements shall prevail.

I. When contracts are not funded in whole or in part by federal grant funds, a local business preference will be awarded. For such contracts that involve the purchase of commercial off-the-shelf products, local business preference will be given to suppliers or distributors of commercial off-the-shelf products who maintain an ongoing business within the geographical boundaries of South Coast AQMD. However, if the subject matter of the RFP or RFQ calls for the fabrication or manufacture of custom products, only companies performing 90% of the manufacturing or fabrication effort within the geographical boundaries of South Coast AQMD shall be entitled to the local business preference. J. In compliance with federal fair share requirements set forth in 40 CFR Part 33, South Coast AQMD shall establish a fair share goal annually for expenditures with federal funds covered by its procurement policy.

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I. For other entities, your TIN is your employer identification number (EIN). If you do not have a number, see How to Get a TIN later.

Note: If the account is in more than one name, see the instructions for line 1. Also see What Name and Number To Give the Requester for guidelines on whose number to enter.

Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and

For real estate transactions, item 2 does not apply. Future Developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-C (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-A (canceled debt)

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.
By signing the filed-out form, you:
1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that you are a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners’ share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See What is FATCA Reporting, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester’s form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:
- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 31.1701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1441 on any foreign partner’s share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1441 require a partnership to presume that a partner is a foreign person, and pay the section 1441 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1441 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of not income from the partnership conducting a trade or business in the United States:
- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, the U.S. grantor or other U.S. owner of the grantor trust and not the trust;
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, you do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515, Withholding on Tax of Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a “saving clause.” Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is living on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:
1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (as not in the treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if he or she stays in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exemption (under paragraph 2 of the first Protocol) and is relying on this exemption to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called “backup withholding.” Payments that may be subject to backup withholding include interest, exempt-interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:
1. You do not furnish your TIN to the requester.
2. You do not certify your TIN when required (see the instructions for Part II for details).
3. The IRS tells the requester that you furnished an incorrect TIN.
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends accounts opened after 1993 only).
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1993 only).

Certain payees and payments are exempt from backup withholding. See Exempt payees code, later, and the separate instructions for the Requester of Form W-9 for more information.

Also see Special rules for partnerships, earlier.

What is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See Exemption from FATCA reporting code, later, and the instructions for the requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Compensation for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.
Specific Instructions

Line 1
You must enter one of the following on this line: do not leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account rather than an account maintained by a foreign financial institution (FFI), list first and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

a. Individual. Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note: ITIN applicant. Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. Sole proprietor or single-member LLC. Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or doing business as (DBA) name on line 2.

c. Partnership, LLC that is not a single-member LLC, or corporation, or S corporation. Enter the entity’s name as shown on the entity’s tax return on line 1 and any business, trade, or DBA name on line 2.

e. Disregarded entity. For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a “disregarded entity.” See Regulations section 301.7701-3(c)(2)(ii). Enter the owner’s name on line 1. The name of the entity entered on line 1 should reflect the disregarded entity’s name. The name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner’s name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity’s name on line 2. “Business name/disregarded entity name.” If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2
If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

### Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (TIN). Enter it in the social security number box. If you do not have an TIN, see how to get a TIN below.

- **Note:** If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN or EIN. If the owner has none, do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213.

Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) underStarting a Business. Go to www.irs.gov/Forms to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to www.irs.gov/ocr and Forms to place an order and have Form W-7 and/or SS-4 mailed to you within 10 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write “Applied For” in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note:** Entering “Applied For” means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

### Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if Item 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see Exempt payee code, earlier.

**Signature requirements.** Complete the certification as indicated in Items 1 through 5 below.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:
- Protect your SSN.
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-909-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user fraudulently claiming to be an established legitimate enterprise in an attempt to obtain the user into surrendering private information that will be used for identity theft.
The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at spam@ftc.gov or report them at www.ftc.gov/complaint. You can contact the FTC at www.ftc.gov/idtheft or 877-IDTHEFT (877-433-3673).

If you have been the victim of identity theft, see www.IdentityTheft.gov and Pub. 507.

Visit www.irs.gov/IdentityTheft to learn more about identity theft and how to reduce your risk.

2021 Instructions for Form 590
Withholding Exemption Certificate

General Information

California Revenue and Taxation Code (R & T C) Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California. For more information, see General Information B, Income Subject to Withholding.

Registered Domestic Partners (RDPs) – For purposes of California income tax, references to a spouse, husband, or wife also refer to a California RDP unless otherwise specified. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

A Purpose

Use Form 590, Withholding Exemption Certificate, to certify an exemption from nonresident withholding.

Form 590 does not apply to payments of backup withholding. For more information, go to ftb.ca.gov and search for backup withholding.

Form 590 does not apply to payments for wages to employees. Wage withholding is administered by the California Employment Development Department (EDD). For more information, go to edd.ca.gov or call 888.745.3866.

Do not use Form 590 to certify an exemption from withholding if you are a seller of California real estate. Sellers of California real estate use Form 590, Real Estate Withholding Statement, to claim an exemption from the real estate withholding requirement.

The following are excluded from withholding and completing this form:

• The United States and any of its agencies or instrumentalities.
• A state, a possession of the United States, the District of Columbia, or any of its political subdivisions or instrumentalities.
• A foreign government or any of its political subdivisions, agencies, or instrumentalities.

B Income Subject to Withholding

Withholding is required on the following, but is not limited to:

• Payments to nonresidents for services rendered in California.
• Distributions of California source income made to domestic nonresident partners, members, and S corporation shareholders and allocations of California source income made to foreign partners and members.
• Payments to nonresidents for rents if the payments were made in the course of the withholding agent’s business.
• Payments to nonresidents for royalties from activities sourced to California.
• Distribution of California source income to nonresident beneficiaries from an estate or trust.
• Endorsement payments received for services performed in California.
• Prizes and winnings received by nonresidents for contests in California. However, withholding is optional if the total payments of California source income are $1,500 or less during the calendar year.

For more information on withholding, get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication, see Additional Information.

C Who Certifies This Form

Form 590 is certified (completed and signed) by the payee. California residents or entities exempt from the withholding requirement should complete Form 590 and submit it to the withholding agent before payment is made. The withholding agent is then relieved of the withholding requirements if the agent relies in good faith on a completed and signed Form 590 unless notified by the Franchise Tax Board (FTB) that the form should not be relied upon.

An incomplete certificate is invalid and the withholding agent should not accept it. If the withholding agent receives a completed certificate, the withholding agent is required to withhold tax on payments made to the payee until a valid certificate is received. In lieu of a completed exemption certificate, the withholding agent may accept a letter from the payee as a substitute explaining why they are not subject to withholding. The letter must contain all the information required on the certificate in similar language, including the under penalty of perjury statement and the payee’s taxpayer identification number (TIN).

The certification does not need to be renewed annually. The certification on Form 590 remains valid until the payee’s status changes. The withholding agent must retain a copy of the certification or substitute for at least five years after the last payment to which the certification applies. The agent must provide it to the FTB upon request.

If an entertainer (or the entertainer’s business entity) is paid for a performance, the entertainer’s information must be provided. Do not submit the entertainer’s agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes. Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled "Individuals — Certification of Residency."

D Definitions

For California nonwage withholding purposes:

• Nonresident includes all of the following:
  • Individuals who are not residents of California.
  • Corporations not qualified through the California Secretary of State (CA SOS) to do business in California or having no permanent place of business in California.
  • Partnerships or limited liability companies (LLCs) with no permanent place of business in California.
  • Any trust without a resident grantor, beneficiary, or trustee, or estates where the decedent was not a California resident.
  • Foreign refers to non-U.S.

For more information about determining resident status, visit FTB Pub. 1031, Guidelines for Determining Resident Status. Military servicemembers have special rules for residency. For more information see General Information E, Military Spouse Residency Relief Act (MSRRA), and FTB Pub. 1032, Tax Information for Military Personnel.

Permanent Place of Business:

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or it has qualified through the CA SOS to transact intrastate business. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

• A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.

A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

Domicile is defined as the one place:

• Where you maintain a true, fixed, and permanent home.

• To which you intend to return whenever you are absent.
A military service member's nonmilitary spouse is considered a nonresident for tax purposes if the service member and spouse have the same domicile outside of California and the spouse is in California solely to be with the service member who is serving in compliance with Permanent Change of Station orders.

California may require nonmilitary spouses of military service members to provide proof that they meet the criteria for California personal income tax as nonresidents in the MIRGA.

Income of a military service member's nonmilitary spouse for services performed in California or not California source income subject to state tax on the spouse in California is to be with the service member in compliance with military orders, and the service member and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MIRGA requirements, see FTB Pub. 1032.

2. Authorize the Executive Officer to execute contract(s) with selected consultants and/or consulting firms to provide technical assistance with implementation of the 2021 Carl Moyer Program in an amount not to exceed $400,000 using up to $200,000 each in administrative funds from the Carl Moyer Program Fund (32) and the Community Air Protection Program Fund (77)
PROPOSAL: Amend Contract for Development of Battery Powered Locomotive Project

SYNOPSIS: In June 2016, the Board approved a contract with VeRail Technologies (VeRail) to develop a natural gas locomotive using U.S. EPA Clean Air Technology Initiative (CATI) funds. VeRail has since dissolved leaving $90,825 in CATI funds unused. Subsequently, in 2017, the Board approved $210,000 in CATI funds for a project with Rail Propulsion Systems (RPS) to develop a battery powered switcher locomotive. The U.S. EPA has since approved the reallocation of unused funds towards further enhancements to the RPS project. This action is to amend the contract with RPS to further the development of a battery electric switcher locomotive in an amount not to exceed $90,825 of unused U.S. EPA CATI funds from the Clean Fuels Program Fund (31).

COMMITTEE: Technology, March 16, 2021; Recommended for Approval

RECOMMENDED ACTION: Authorize the Executive Officer to amend the RPS contract to further enhance the battery electric switcher locomotive project to add $90,825 of unused U.S. EPA CATI funds from the Clean Fuels Program Fund (31).

Wayne Nastri
Executive Officer

Background
The Clean Air Technology Initiative (CATI) fund was established by the U.S. EPA, CARB, San Joaquin Valley Air Pollution Control District and South Coast AQMD to identify and implement emission reduction projects where residents are disproportionately affected by emissions of diesel exhaust from the goods movement corridors and from diesel activities at the Ports, warehouses and rail yards.
In June 2016, the Board recognized $500,000 in CATI funds into the Clean Fuels Program Fund for a $5.1 million project with VeRail technologies for development and demonstration of an ultra-low emission natural gas switcher locomotive. In 2019, VeRail dissolved as an entity and the technology was divided among other industrial ventures outside of the rail project, with remaining $90,825 of CATI funds. In 2017, the Board recognized $500,000 into the Clean Fuels Program Fund for two projects under the CATI-FY-2017 grant program. $210,000 of the CATI-FY-17 funds was awarded to RPS for the development of a battery powered switcher locomotive.

RPS is a leading contributor to the proof of concept battery electric locomotive project technology. RPS has developed and is currently demonstrating the zero emission switcher locomotive in Anaheim, with project partners Coast Rail Services, EV Grid, VACON and Tractive Power to demonstrate this technology. The initial demonstration is nearly complete, highlighting the need for battery and controller enhancements to bring it closer to commercial use.

As a result of the discontinued project listed above, there is currently $90,825 total remaining CATI funds, with U.S. EPA concurrence to reallocate the remaining funds to upgrade the RPS zero emission switcher locomotive.

Proposal
For the proposed project, with additional funding of $90,825 from unused CATI funds, RPS plans the following: 1) upgrade the controls for in service Federal Railroad Administration requirements; 2) modify and add additional battery pack and rack system as well as electronic control systems; and 3) continue validation and durability testing to confirm the robustness of their design.

The optimized battery electric locomotive will replace an unregulated diesel locomotive in a typical switcher operation at the Coast Rail Services rail yard in Anaheim California.

Sole Source Justification
Section VIII.B.3 of the Procurement Policy and Procedure identifies four provisions by which sole source awards may be justified when contracts are funded in whole or in part by federal funds. This award is made under provision B.3.c: The awarding federal agency authorizes noncompetition proposals. U.S. EPA deemed the proposed award to RPS to be a sub-award and does not require a competitive solicitation.

Benefits to South Coast AQMD
The proposed project supports the implementation of zero emission off-road technology that will directly reduce NOx emissions from switcher locomotives. In addition, the
development and successful deployment of these zero emission switcher locomotives will promote their acceptance by railroads and facilitate their deployment at rail yards in the South Coast Air Basin, as well as assist the South Coast AQMD to attain its clean air goals. The project is included in the Technology Advancement Office Clean Fuels Program 2019 Plan Update under the categories “Electric/Hybrid Technologies & Infrastructure” and “Emission Control Technologies”.

**Resource Impacts**
The contract with RPS will be amended upon approval of up to $90,825 in unused U.S. EPA CATI funds. Total project cost will be revised to $1,097,825 as detailed in the table below.

Sufficient funds are available from the Clean Fuels Program Fund (31), established as a special revenue fund resulting from the state-mandated Clean Fuels Program. The Clean Fuels Program, under Health and Safety Code Sections 40448.5 and 40512 and Vehicle Code Section 9250.11, establishes mechanisms to collect revenues from mobile sources to support projects to increase the utilization of clean fuels, including the development of the necessary advanced enabling technologies. Funds collected from motor vehicles are restricted, by statute, to be used for projects and program activities related to mobile sources that support the objectives of the Clean Fuels Program.
Agenda Item #2

Joseph Lopat

Amend Contract for Development of Battery Powered Locomotive Project
In June 2016, the Board approved a contract with VeRail Technologies (VeRail) to develop a natural gas-powered switcher locomotive using U.S. EPA Clean Air Technology Initiative (CATI) funds. VeRail has since dissolved leaving $90,825 in CATI funds unused.

In July 2017, the Board recognized $500,000 in CATI funds of which $210,000 was approved for a project with Rail Propulsion Systems (RPS) to develop and demonstrate a battery powered switcher locomotive.
Proposal

- Reallocate $90,825 in CATI funds towards the existing RPS battery electric switcher locomotive project
- RPS will upgrade control systems and hardware on existing switcher locomotive per FRA requirements
- RPS will demonstrate the battery locomotive in place of a diesel locomotive in Coast Rail Services yard
