

AB 617 Air Quality Strategies and Measures (Actions) Worksheet for CSC Meeting #5

*Hoja de Trabajo de Estrategias y Medidas (Acciones) de Calidad del Aire
para la Reunión n°5 del CDC de AB 617*

Wilmington, Carson, West Long Beach

During this activity, please keep the following in mind:

- *Please engage at your level of comfort using the presentation materials provided to guide the discussion. All questions and comments are welcome.*
 - *If you do not feel comfortable speaking in front of the group, you may write your question or comment anonymously so that staff may read it to the group.*
- *Self-monitor the amount of time you are speaking to ensure everyone has the opportunity to provide feedback.*
- *Listening is as important as speaking.*
- *This discussion should be positive and constructive.*
- *Seek clarification or ask questions if you are unclear of a term or concept.*
- *Be respectful of other participants' comments or other points of view.*
- *A response is not mandatory for each question.*

This activity will discuss the following questions:

1. Which of the proposed actions in this air quality concern category are the highest priorities?
2. Does the proposed monitoring approach support other actions (e.g. enforcement, emission reductions)?
(This is your opportunity to provide input to staff for the draft air monitoring plan.)
3. What additional ideas do you have to address this air quality concern?
4. How would you prioritize schools (e.g. age group sensitive receptors, proximity to known emission sources, concentrations of pollutants/toxics, etc.)?
(To which group would you give the highest priority and why: schools, community centers, hospitals, parks, etc.?)

<p>General Air Quality Concern <i>Preocupación general por la calidad del aire</i></p>	<p>Notes on Proposed Actions (for Community Members) <i>Notas sobre las acciones propuestas (para los miembros de la comunidad)</i></p>
<p>Refineries <i>Refinerías</i></p>	<p>Previously discussed in CSC Meeting #4. See Meeting Summary for more details. <i>Analizados en la 4.ª reunión. Consultar el resumen de la reunión para obtener más detalles.</i></p>
<p>Ports <i>Puertos</i></p>	<p>Previously discussed in CSC Meeting #4. See Meeting Summary for more details. <i>Analizados en la 4.ª reunión. Consultar el resumen de la reunión para obtener más detalles.</i></p>
<p>Neighborhood Truck Traffic <i>Tráfico de Camiones en el Vecindario</i></p>	<p>Previously discussed in CSC Meeting #4. See Meeting Summary for more details. <i>Analizados en la 4.ª reunión. Consultar el resumen de la reunión para obtener más detalles.</i></p>
<p>Oil Drilling/ Production <i>Perforación de petróleo / Producción</i></p>	
<p>Railyards (On-site Emissions) <i>Patio Ferroviario (Emisiones en el sitio)</i></p>	
<p>Schools/Hospitals/ Parks and Community Centers <i>Escuelas / Hospitales / Parques y Centros Comunitarios</i></p>
